

## Holidays and Dialysis in Greece

*Combine your vacation in beautiful Greece with high standard dialysis services at one of the 4 OLYMPION Dialysis Centers*

### **Patra – Amaliada – Chania – Nafpaktos**

All the OLYMPION Dialysis Centers welcome Greek and International patients and combine high-end technology, provided by Baxter and Gambro companies, specialized in high standard technical support for renal treatment, and experienced as well as highly qualified staff. Available dialysis treatment options include simple haemodialysis and on-line haemodiafiltration.

The experienced and well-trained medical and nursing staff are constantly taking care of the safety and comfort of the patients during their treatment. The medical teams are supervised by the Scientific Director, who ensures that treatment is provided according to the highest medical standards.

The OLYMPION Dialysis Center of **Patra**, is part of an advanced General Clinic with all the medical specialties and Departments, always available for the immediate treatment of any special condition that may occur to a dialysis patient. It offers modern infrastructure with spacious sun-lit rooms and state-of-the-art medical equipment. It is located on the ground floor of the OLYMPION General Clinic and is easily accessible by public transport or by car.

Patra is a lively city with very attractive and exciting events. It successfully combines the advantages of a modern city with the charm of a place with a long history and thus, offers a lot of sight seeing. The medieval castle, the Achaia Clauss winery, the Roman Conservatory, the New Archeological Museum, the church of Saint Andrew are only few of the attractions that one should visit while staying here. The city also offers a wide variety of cultural opportunities with many musical, theatrical events and festivals. In the Municipal Gallery and in many private galleries, exhibitions of paintings and sculptures by local and internationally known artists are held.

The brand NEW OLYMPION Dialysis Center of **Amaliada**, is easily accessible from all the hotels along the beautiful beaches nearby. The facility consists of the reception, the waiting area, the dialysis hall, as well as the medical and administrative offices. The dialysis hall, also offers plenty of natural light as well as state-of-the-art technological equipment and all the expected amenities for the patients.

Amaliada is a modern city, built in the middle of the green, fertile plain of Ilia. The western limits of the municipality are the shores of the Ionian Sea and the eastern limits are the green hills, where the massif of the central Peloponnese ends. Visitors can reach Amaliada by road or by train. Since its location is on the crossroads of Central, Western, Northern and Southern Peloponnese, the city is a starting point for many paths.

The OLYMPION Dialysis Center in the picturesque town of **Chania**, on the beautiful island of Crete, is a modern two-storey building which is also easily accessible and offers free parking. The reception, the waiting hall and the administrative offices are on the ground floor, while the spacious, bright and sun-lit dialysis hall is on the first floor and offers state-of-the-art technological equipment.

Chania is one of the most popular destinations in Crete. There is a lot to see at the old town of Chania: the world-famous Venetian lighthouse, the aristocratic suburb of Halepas, the Tabakaria (leather production center), the Neoria (known as arsenals) and the Koum Kapi, full of bars, cafes, restaurants and elegant hotels, are only few of the attractions that the city has to offer.

The OLYMPION Dialysis Center at the entrance of the picturesque town of **Nafpaktos** is in a unique location overlooking the Gulf of Corinth. The facility consists of the reception, the waiting hall, the dialysis hall and the medical offices. The dialysis hall offers abundant natural light, as well as state-of-the-art technological equipment and all the expected amenities for the patients.

The town of Nafpaktos with its intense medieval character, can charm its visitors with the small Venetian port, the romantic Venetian castle with the wonderful sea view overlooking the opposite shores of the Peloponnese, the relaxing beaches and the green landscape.

The Medical and the Administrative staff that coordinate your dialysis before and during your stay, will be pleased to assist you before your arrival and welcome you at the Centers. The friendly teams of the OLYMPION Dialysis Centers, are multilingual and take good care of the holiday patients' safety and comfort during their treatment.
